## Registration Refund - When Donation Goal is met.

If your race is affiliated with a charity and offer registrants refunds once the donation goal is met, we can now set up your event to automatically issue refunds once their goal is achieved!

Our admin team can set the Fundraising Target on the race form to issue a refund once the goal is met. You can set a specified amount or offer a full refund.

### Registration Refund

Fundraising Target	<input type="text" value="100"/>
Refund amount (0 for full refund)	<input type="text" value="0"/>

Once the fundraiser reaches their goal a refund notification email is sent out to them.

Congratulations, due to your outstanding fundraising efforts you have exceeded the target fundraising goal for a free entry into your registered event.

We have refunded \$50 back to the credit card used for your registration.
