

Ace your Race

Event Caps for registration - Race Directors can add an event cap to the race form or individual events to prevent over capacity within the race. Once the cap is met, online registration will become inactive preventing further registration.

This is a great feature if you are hosting a small event with limited number of participants or are hosting a special event in your race where you want to limit participation.

Event Closed Message		Sorry Online registration for this event is closed. The Race is limited to 500 participants.
