

Social Linking

We are excited to introduce another new feature to the Running Rooms Race Registration tools - Social Linking. We have set up an automatic process to display your events social links on the race information page. All that is required is that you paste your social links in the new section on your admin site. We are currently supporting Facebook, Twitter, Pinterest, Instagram, You Tube and of course your Event Web site links.

BMO Okanagan Marathon 2015

Family Festival Weekend October 10 & 11, 2015

BMO  OKANAGAN MARATHON

The administration section has been set up allowing all Race Director to input the event social links. Once you input those links simply update and the social icons will appear on your race information page. This set up process can take place on your initial race set up and or at any time on your administrative page.

Race Director Admin Page:

Race Properties:	
Facebook	<input type="text" value="okanaganmarathon.ca"/>
Twitter	<input type="text" value="OkanaganMara"/>
Instagram	<input type="text" value="e.g. nikerunning"/>
Pinterest	<input type="text" value="e.g. runningbook"/>
YouTube	<input type="text" value="e.g. https://www.youtube.c"/>
Event Website	<input type="text" value="http://www.okanaganmarat"/>

For more information or detail on this great new tool send us an email.
